Introduction to ACSIL

What we do: We provide free and confidential support in the Liverpool and Merseyside area for people for whom an amputation may be necessary or who already are amputees, this also extends to their families, partners and carers.

Support: Based on first hand experience we can provide advice, practical help and support when and where needed. Much of our support is given in hospital prior to the operation and just after the operation.

And after: The Amputees and Carers Support Group is an active and dynamic group who meet regularly and organise social events to benefit members.

Our **social day** is every **Wednesday between 10.30am - 3.30pm** where you can chat and socialise with other people in a similar situation as yourself.

We also provide day trips on specially adapted vehicles.

We would like to thank Kate and Jane from Whiston Hospital for inviting us to give a talk to doctors, hopefully this will help the care and support of other amputees in the future.

Hey everyone!
Matthew, Teddy, Chelsi & Ophelia will all be taking part in the Santa dash 2025.

We are taking part in this charity run to raise money for our local amputee club because I've seen first-hand the incredible difference they make in people's lives. Losing a limb can be a life changing experience, both physically and emotionally, and this club provides a safe, supportive community where people can connect, share their journeys, and rebuild confidence.

The funds raised will help the club continue offering practical support, peer mentoring, social events, and opportunities that help members feel less isolated and more empowered. Every pound donated goes toward helping someone regain independence, find encouragement, and know they're not facing their challenges alone.

By supporting us, you're not just backing our run - you're helping amputees live fuller, more confident lives. Thank you for your kindness and generosity.
